ENVIRONMENT

- Respect your surroundings and leave only footprints in the sand
- Only use the engine or genset when needed (fill up your tanks for the water maker at the docks when you can)
- Recycle your garbage in the correct containers at the marina
- Respect regulations around marine reserves and private islands where disembarking is not permitted

SAILING CONDITIONS

SAILING AREA

The Abacos offer 130 miles of cays and islands, including the famous Walkers Cay, Green Turtle Cay, Great Guana, Man-O-War and Elbow Cay, to name a few. The boomerang-shaped Abaco Islands span from Walkers Cay in the north to Hole-in-the-Wall in the south, just 175 miles east of Florida's Palm Beach and 55 miles north of Nassau.

Snorkel along Great Guana Cay's seven-mile beach and enjoy a cocktail at Nipper's Bar. Relax at Treasure Cay, often voted one of the most beautiful beaches in the world (there is no marina, only the mooring balls), or take in the relaxed atmosphere at Man-O-War Cay. Animal lovers will want to visit the swimming pigs at No Name Cay.

Green Turtle Cay is not to be missed on any Abaco yacht charter. Rent a golf cart to explore the entire island, including the tiny settlement of New Plymouth, and several idyllic beaches including Gilliam Bay and Ocean Beach. The lovely Green Turtle Club and Bluff House resorts make nice stops for dinner or drinks.

WEATHER

The best time to visit the Bahamas is from December to April, when temperatures cool slightly to between 82-87°F. It's a great place to visit year-round as the temperatures are comfortable and rarely dip below 60°F.

The hottest months in the Bahamas are July and August, and the wettest months are May and June. The islands fall within the hurricane belt, so hurricanes may be a factor between June and November (the Atlantic hurricane season).

TEMPERATURE

Climate in Marsh Harbour, Bahamas:

- Summer high: The August high is around 88°F
- Winter low: The January low is 66°F

WIND SYSTEMS

Sailing conditions in the Bahamas include easterly winds between 10 and 15 knots and care is needed as the water can have shallow depths. The tidal range is up to 3.5ft.

LOCAL FORECAST

You can find Abacos weather forecasts on the WindFinder.com website . Cruisers Net broadcasts weather forecasts and tides each day on VHF channel 68 at 8:15am .

WHAT TO PACK

- Soft luggage that you can fold away or roll up - hard suitcases are hard to fit in your cabin and there is nowhere to store them onboard
- Reef-friendly sunblock and sun cream
- Dry bags or zip lock bags to protect your money, cameras and mobiles
- Seasickness bands and tablets are good for novice sailors
- Earplugs and eyeshades are great for light sleepers
- Keep clothing light and remember you will be around water a lot! Don't forget several swim-suits, hat, sunglasses and an extra beach towel (even though towels are provided)
- When it comes to shoes, you're likely to be barefoot onboard so pack just one pair for going ashore and some water shoes for reefs
- Leave expensive jewelry, make-up and hair straighteners behind – it's time to relax!
